Children of Abraham

The main purpose of this article is to show the rise and evolution of the sites in which anatomical dissections were performed, based on the belief that the place dedicated to the practice of anatomy in early modern Europe is of the utmost importance for a better understanding of the practices, learning, assumptions, purposes and motives with which anatomical knowledge was worked out during that extensive period. Daily, the assaults, the threats and provocations against militants of the labour and working class movement are escalating.
